

CSWC Operational Period Summary

0600 June 04 2014 to 1800 June 04 2014

Cal OES Headquarters

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.
- Westbound Phase 1 and 2: May 27 – June 25
- Westbound Phase 1 will be completed early
- Westbound Phase 2 construction will begin overnight Thursday
- Westbound Phase 2 will still take 15 days to complete
- Please see “Fix 50” slides for additional information, including alternate routes. [Here](#)

Northern California

San Francisco Municipal Transportation Agency (SFMTA) Delays, San Francisco County

- SFTMA reports that approximately 160 operators called in sick this morning or about half of those who called in sick on Tuesday. SFTMA reports that all routes and lines continue to experience missed and delayed service for the afternoon commute. They are advising riders to expect crowding and waits of up to 60 minutes.

SITUATION SUMMARY

Southern California

Military Aircraft crash in Imperial County

- Per Cal OES Southern Duty Officer (SDO), the Imperial County Deputy OES Coordinator confirmed that a single military jet crashed into a residential neighborhood. The pilot was able to eject safely with minor injuries. The plane apparently crashed into the street and broke apart with the wreckage causing one home to be destroyed by fire with another home also on fire and is being handled by the Fire Dept. The owner of the home did not sustain any injuries. The American Red Cross is on scene to assist with sheltering needs if necessary. The scene is very active with Military & Local Law Enforcement as well as other emergency responders. No other reports of injuries at the time of this report. There are no requests for assistance or unmet needs. The Cal OES FDO, SDO, and LDO continue to monitor the situation.

Facebook/ KYMA

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Weak high pressure building in over the area will bring drier and warmer conditions through the rest of the week. Temperatures over the interior will remain above normal while the coast will continue to see low clouds most nights and mornings with temperatures closer to normal.

San Francisco Weather:

Coastal low clouds will continue across the forecast area today along with seasonably cool temperatures. A slight warming trend is expected by the weekend as high pressure builds over the eastern Pacific.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

High pressure over the west coast will bring fair skies and well above normal temperatures through early next week. A weak disturbance passing over the ridge will bring a slight chance of Sierra thunderstorms mainly Sunday and Monday. Temperatures should cool slightly by the middle of next week.

Hanford Weather:

A warming trend is expected in the region through the end of the week and will continue into the weekend as high pressure builds along the west coast.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A broad trough of low pressure will persist over the region through the end of the week, resulting in near or slightly above normal temperatures and night through morning low clouds and fog for some areas. Gusty onshore winds can be expected for the mountains and deserts as well. Above normal temperatures are possible this weekend and early next week as a ridge of high pressure may develop.

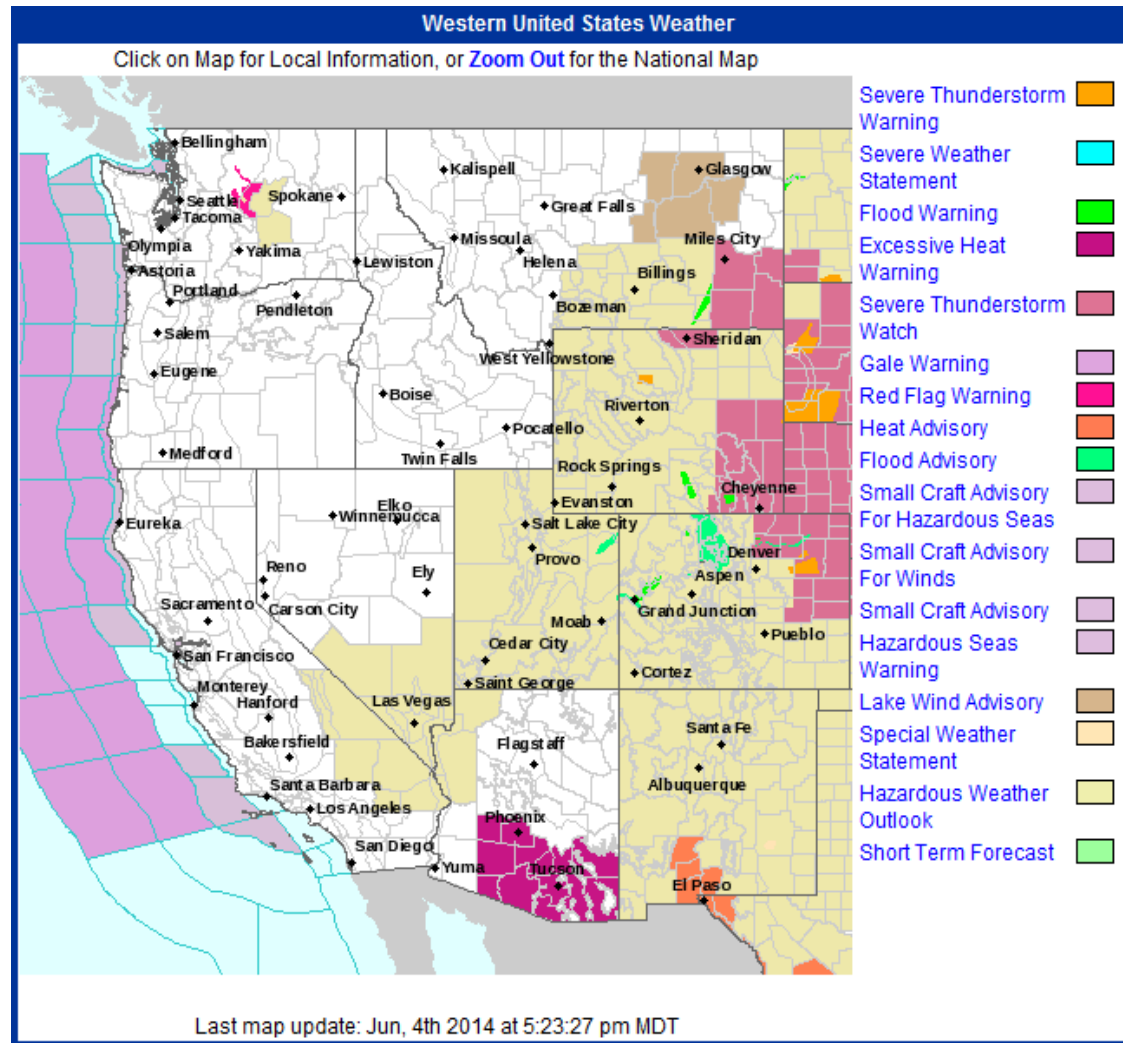

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Fair and seasonal weather will continue this coming week. Expect some coastal clouds during the nights and mornings and locally gusty winds through mountain passes during the evenings.

Southeast California Weather:

Strong high pressure centered over northern Mexico will maintain above normal temperatures into early next week. Weak weather disturbances passing through the region will lead to some fluctuations in temperatures with slight cooling late this week and slight warming early next week.

“Fix 50” Information

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is scheduled on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Westbound Highway 50: May 27 – June 25

Phase 1: May 27 - Jun 10

- The 3 inside lanes will be closed. 2 - 3 outside lanes will remain open.
- No ramps will be closed during the first westbound phase. However, the connector ramp from Hwy 99 North to US-50 West will merge down to one lane to increase safety for travelers merging onto US-50 West into the construction area.
- **Westbound Phase 1 will finish early - Phase 2 to begin overnight on Thursday 6/5/14**

Phase 2: June 5 - June 25

- 2-3 outside lanes will be closed. Inside 3 lanes will remain open.
- Ramp closures:
 - Connector ramp from westbound Business 80 (Capitol City Freeway) to US-50 West. Hornet Drive near Sacramento State is the alternate route.
 - Reduced lanes on connector ramp from Hwy 99 North to US-50 West (will merge down to one lane).
 - 16th Street off-ramp.

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes:

During work in the WESTBOUND direction (May 27 – June 25):

If traveling from Rancho Cordova/Folsom to Downtown Sacramento:

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

If traveling from Elk Grove/Galt to Downtown Sacramento:

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

If traveling from Rancho Cordova/Folsom to Natomas/Davis:

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

If traveling on Business 80 West during Phase 2 (Closed connector ramp from Business-80 West to US-50 West):

- Get on US 50-E and use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West
- For WB Business 80 to downtown, use Highway 160

***Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

Fix50 Project Update: Wednesday, June 4

It was a productive day on the Fix50 project and everything is on schedule with the work for Westbound Phase 1. Here are some updates:

Progress over the last 24 hours:

- Completed curing process for mainline deck
- Completed barrier work
- Column casings work continues underneath west side of project area

Over the next 24 hours, crews will:

- Grinding and profiling
- Skid Testing
- Striping

In the coming week:

- Sign pedestal pour
- Sign placement
- Westbound traffic switch for Phase 2

Traffic:

- Traffic delays through the construction zone are averaging 20-25 minutes during peak commute hours and 10-15 minutes during non peak commute hours.
- The northbound State Highway 99 connector ramp to westbound U.S. Highway 50 continues to experience delays during peak and non peak hours.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal. A more recent update using automated devices shows snowpack at **3%** of normal as of May 30.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
